Treatment table Wesseling BASIX 3 FLEX (BAS3FEMW) (New)

New,

Dutch manufacture,

This three-piece treatment table is suitable for a variety of purposes.

Equipped with a nose hole and a rod switch system, the table is the ideal table for physiotherapy,

Due to the division of the table surface, the patient always sits or lies in a comfortable position during treatment.

In addition, the highest position of 115cm ensures that everyone can create an ergonomic working surface

The table is equipped with two gas springs under the central section, which means that it is possible to achieve the so-called "kidney upright position",

As standard, the table is adjustable with an electric actuator, has wheels with braking system and drainage and Trendelenburg positions,

Technical parameters:
