

Treatment table Wesseling BASIX 5 FLEX (BAS5FEMW) (New)

New,
Dutch manufacture,
BasiX 5 Flex is the most versatile model and is equipped with armrests and can be placed in Drainge and Trendelenburg positions.
The back and middle sections are equipped with two gas springs each, the headrest segment with a single gas spring.
The table has height-adjustable armrests next to the head section
Thanks to the armrests, the patient can put his/her hands near the head and adopt a very comfortable position,
As standard, the table is adjustable with an electric actuator, has wheels with braking system and drainage and Trendelenburg positions,
