Gynaecological chair TEYCO MED FRANCY NEW (New)

New,
Made in Italy,
Features and benefits of the armchair:
Elegantly and comfortably designed armchair with a wide range of colours for individual configuration.
Professional chair used in gynaecology and urology,
Quiet and smooth adjustment of chair functions.
Chair equipped with 4 low voltage electric motors (24V-DC),
Frame made of high-grade steel, powder-coated in light grey with antibacterial properties,
Fitted with four castors with brakes,
Elements of the bed are covered with upholstery with antibacterial, antifungal properties; the material is fireproof, disinfectant and highly abrasion resistant,
Minimum height allows comfortable access to the chair without the use of a stepladder; this includes elderly patients or patients with hip prosthesis,
The management of the electric movements is organised by both a hand control and a foot control. Both use wireless technology.
Standard equipment:
Stainless steel bowl for collecting liquids: equipped with a support with articulated arm,
Several side holders for accessories on the seat,
Remote control with position memory function (allows 4 positions to be memorised):
2 positions are already permanently set: CPR position and gynaecological examination starting position,
2 positions can be freely set by the doctor (foot) managed by a switch with wireless technology. Management of electric movements is organised by a foot switch with wireless technology,
As additional options are available (for an extra charge):
A pair of padded knee pads made of polyurethane foam. Adjustable and equipped with articulated support with locking mechanism (12500005/A),
Detachable ultrasound footrest (12900011),
Paper roll holder (12900017),
Adjustable headrest (12500007),
Handy instrument tray (12900018),
Rechargeable battery (12500009),
Drip holder with 2 hooks (12000012),
Colposcopic support integrated into the seat (60000001),
Technical data:
Supply voltage: 230V / 50Hz,
