- **Real photos of the product,**
- Made in Poland,
- Power supply: via one, new in-built 12V 24 Ah battery,
- Frequency: 50/60 Hz,
- Power: 400 W,
- **GARAVENTA TR-93** is one of the most popular models of stairclimbers, which is used for transporting people who use wheelchairs. Among its many advantages, one of the most important is that it makes it possible to climb stairs that have an incline of up to 40 degrees. The TR-93 has a set of attachments that fit almost all wheelchair models. Its other advantage is its light weight, making it very easy to steer on turns. The device is also relatively easy to transport, as it can be disassembled into two independent parts that fit into a typical car trunk. The presented stairclimber is designed primarily for standard wheelchairs, with a large back wheel and a seat of at least 35 cm wide,
- **Specification:**
 - Drive: electric motor + worm gearbox,
 - Range: 10-15 floors up and down,
