## **CRYO T ELEPHANT MINI (35l) Apparatus (New)**

- New,
- Made in Poland,
- CRYO-T Elephant Mini - A proven, economical solution for topical cryotherapy for SPA centers and rehabilitation clinics,
- Quick start - Quick START allows you to start working right after turning on the device. In a short period of time, the device generates the cold between -110°C -160°C required for effective treatment. The desired temperature is reached 1 minute after pressing the START button,
- Patented technology - High-tech cryogenic tubing (protected by international patent) provides full freedom of movement. It does not stiffen during the procedure, as a result, the operator's hands do not get tired. The insulating material used in the cryogenic cable prevents it from freezing,
- Savings of up to 40% - The device is available with specially developed heater technology, which provides high savings in refrigerant consumption of up to 40%,
- Non-freezing hose - patented technology - The non-freezing, patented cryogenic hose guarantees unprecedented comfort of use and full freedom of movement,
- Up to -160° C - Thanks to the use of nitrogen as a cooling agent, the treatment temperature is as low as -160° C,
- Fast and safe treatment - Treatment time in one area of the body ranges from 30 seconds to 5 minutes, on the face from 2 to 3 minutes. Patients with increased fat or muscle tissue may require extended treatment up to 10 minutes. The proper application of cold lies in the experience and knowledge of the doctor/therapist, as well as careful and constant observation of the reaction of the tissues subjected to cold,
- Application:
  - Physiotherapy and Rehabilitation,
  - Aesthetic Medicine,
  - Rehabilitation,
  - Sports Medicine,
  - Wellness,
- Technical data:
  - Power consumption: 230V,
  - Refrigerant: LN2,
  - Cold jet temperature: up to -160°C,
  - Adjustment of jet intensity: 5 levels,
  - Available tank capacity: 50 l, 35 l, 11 l,
  - Coolant level indicator: built-in,
  - Nozzle: traditional (without indicator and skin temperature measurement),
- Included:
  - Apparatus,
  - 35l tank,
- Has a current Technical Passport issued,
- Warranty 24 months,
