MIMLED 600 (ceiling) Diagnostic and treatment light (New)

- New,
- Made in Spain,
- Ceiling lamp,
- Advantages and features of the lamp:
 - SINGLE LIGHTING - Each LED module independently illuminates the surgical field. The result is a shadow-free and homogeneous light field over a large depth of illumination, even when working directly under the fixture.
 - ENDO MODE LIGHT CONTROL - While most compact medical lamps cannot operate at reduced brightness, MIMLED offers a wide range of brightness options down to as little as 10,000 lux.
 - COLOR RENDER / TEMPERATURE - The lamps provide a high color rendering index (CRI) of more than 95 for optimal tissue contrast. Red shades in particular are reproduced with the highest fidelity ($R9 > 90$) and improve visualization of the surgical field. MIMLEDs have a constant color temperature of 4000 K.
- Technical specifications:
 - Light source: LED,
 - Number of LEDs: 15 LEDs,
 - Illumination at 1 m: 10,000 to 60,000 lux in six steps,
 - Lamp life: >50,000 hours,
 - Total irradiance: 220 W/m²,
 - Color temperature: 4.000 °K,
 - Color reproduction: >95% Ra / >90% R9,
 - Luminous field diameter at 1 m distance: 210 mm,
 - Light field diameter D50/10: 140 mm / 210 mm,
 - Energy consumption: 24 W,
 - Protection type (IP code): IP 42,
 - Power supply: 100/240V - 50/60Hz,
 - Dimmable: YES,
- Has a current Technical Passport issued,
- Warranty 24 months,
- Possibility of financing (Polish only): Installments, Leasing, Loan,
