

## MELAG PREMIUM PLUS Evolution Vacuklav 44 B+ Autoclave (New)

- New,
- Made in Germany,
- MELAG PREMIUM - PLUS Evolution Vacuklav 44 B+ autoclave is a model with a water supply connection,
- MELAG Vacuklav 44B+ Evolution is an autoclave with a large chamber (45 cm, 22 l capacity) and a water-cooled rotary vacuum pump make the Vacuklav 44 B+ an ideal autoclave for all hospitals and clinics that have many large sterilization batches every day. It sterilizes small loads in just 20 minutes in the fast "B" program for packaged instruments. And just 10 minutes in the fast "S" program for sterilizing unwrapped instruments. Each program includes fractionated pre-vacuum and drying. We allow heavy batches with weights up to 9 kg. The patented DRYtelligence intelligent drying adjusts the drying time for each load and ensures optimal drying in the shortest possible time,
- Features and benefits of the MELAG PREMIUM - PLUS Evolution Vacuklav 44 B+ autoclave:
  - Fastest cycles with patented dual chamber technology,
  - Patented DRYtelligence system - intelligent drying for each load,
  - Documentation, release and tracking, large color touch screen with intuitive user interface,
  - Long sterilization chamber allowing batches with a maximum weight of 9 kg,
