## **MELAG CLINIKLAV 25 Class B autoclave (Reconditioned)**

- Reconditioned (used),
- Technical condition: very good,
- Visual condition: very good,
- Real photos of the product,
- Made in Germany,
- Power supply: 400 V,
- Frequency: 50/60 Hz,
- Power: 9000 W,
- Melag Cliniklav 25 Class B autoclave with its own steam generator,
- When constructing this autoclave, special attention was paid to the short duration of individual cycles. This achieved, in addition to reducing the cost of autoclave operation, a reduction in the number of necessary instruments on the equipment of a hospital or clinic,
- The instruments and textiles in possession are ready for reuse within a very short time,
- In the case of the universal program, a load of 15 kg of instruments is ready for reuse within 56 minutes (including the vacuum drying phase). Using the high-speed program, you get instruments ready for use within 14 minutes,
- Features:
  - Stainless steel chamber with precision-made sealing surface,
  - The steam generator requires no maintenance,
  - Total electrical power supply is 10 kW,
  - Unique design allows short process times,
  - The small number of components in the unit minimizes the need for service and maintenance,
  - Built-in safety door switch,
  - Self-contained motor circuit breaker,
  - Easily accessible mains fuses,
  - Convenient, easy-to-read display showing text information,
- Technical specifications:
  - Capacity 81 l,
  - Built-in steam generator,
  - Built-in thermal printer,
  - 6 programmable programs,
    - Built-in programs:
      - Universal program:
        - Sterilization temperature: 134 °C,
        - Sterilization pressure: 2.1 bar,
        - Operating time (without drying) with sterilization time of 3.5 min,
        - Warm start, 1 kg instruments: 25 min,
        - Warm start, 15 kg instruments: 36 min,
        - Drying time: 20 min,
      - Quick program:
        - Sterilization temperature: 134 °C,
        - Sterilization pressure: 2.1 bar,
        - Operating time (without drying) with sterilization time 3.5 min,
        - Warm start, 1 kg instruments: 14 min,
        - Warm start, 15 kg instruments: 20 min,
        - Drying time: 15 min,
      - Protection program:
        - Sterilization temperature: 121 °C,
        - Sterilization pressure: 1.1 bar,
        - Operating time (without drying) with a sterilization time of 16 min,
        - Warm start, 1 kg textiles: 40 min,
        - Warm start, 15 kg of textiles: 56 min,
        - Drying time: 20 min,
      - PRION program:
        - Sterilization temperature: 134 °C,
        - Sterilization pressure: 2.1 bar,
        - Operating time (without drying) with a sterilization time of 20 min,
        - Warm start, 1 kg instruments: 41 min,
        - Warm start, 15 kg instruments: 56 min,
      - Drying time: 20 min,
      - Bowie & Dick test,
      - Vacuum test,
  - Included:
    - English user manual (PDF),
    - Power cord,
    - 2 x medical instrument tray,
    - 1 x medical instrument basket,
    - 3 x built-in new filter,
    - Dedicated filter wrench,
  - Dimensions:
    - Overall: 61.6 x 84 x 150 cm,
    - Working chamber: 32 x 65 x 32 cm,
  - Weight: 197 KG,
  - Has a current inspection and is ready to d
  - It has a current inspection and is ready for operation,
  - Issued Technical Passport (Service Report) valid for a period of 12 months,
  - Warranty:
    - 6-months for domestic market (Poland),
    - 3-months for the international market,
    - Possibility to extend the warranty up to 12-months for domestic and international market for a surcharge,
  - Financing options (Poland only): Installments, Leasing, Loan,
