Power supply: 230 V,
Frequency: 50/60 Hz,
Bulb: 50 W,
GE Giraffe Spot PT Lite

- GE Healthcare's Giraffe SPOT PT Lite phototherapy system is a compact and lightweight, yet powerful alternative to other phototherapy devices. Mounting flexibility allows the system to be combined with Giraffe and Panda infant care cribs,

Features

:

A concentrated, higher dose of phototherapy is administered to the newborn rather than the surrounding area of the bed,
The therapeutic light is delivered through a flexible light guide for quick and easy positioning. The bulb is located in the housing - away from the patient - which minimizes heat generation around the baby. It provides unobstructed visibility for caregivers and parents. Concentrated therapy area minimizes exposure to neighboring infants,
More caregiver-friendly than traditional blue light and therapeutic for the newborn.
