

### **REICHERT AT 555 automatic non-contact tonometer (Reconditioned)**

Reconditioned (used),  
 Technical condition: very good,  
 Visual condition: very good,  
 Real photos of the product,  
 Manufactured by U.S.A.,  
 Power supply: 230 V,  
 Frequency: 50/60 Hz,  
 Power: 87 VA,  
 Measuring range: 0 - 60 mmHg,  
 AT555

uses a patented, hands-free auto-adjustment system that enables any staff member to take an accurate IOP measurement in seconds, It automatically detects which eye is being measured, takes the measurement and displays the results on the 5" LCD screen, Measurement data can be easily printed at the touch of a button, Fully automated operation means fast, error-free readings, Simple to use, patients simply lean against the instrument's forehead rest while the operator presses one button to activate the fully automatic alignment and IOP measurement process,

**Features:**  
 No chin rest, joystick or lifting controls. Patients simply lean against the forehead support, see the fixation target - and moments later experience the gentlest air intake available in any NCT. The procedure is quick, quiet and comfortable, with no patient discomfort, Alignment is completely automated, Easy-to-use icon-based operating system, Clearly displays all measurement data, Internal printer simplifies record keeping, Electronic data transfer capability, Maintenance-free, no bulb replacement required

Sliding left/right headrest, allows easy positioning of the patient's head for quick and convenient measurements. The AT555 nosepiece contains an array of bright red LEDs. These provide the patient with an obvious visual cue for quick fixation and positioning, thus reducing measurement time,

User-friendly operator interface, An "eye" icon on the display shows the operator how the instrument's automatic alignment system positions itself for measurement, Selectable menus in ENG, FR, GER, ESP, PT, IT,

**Included:**

User manual in English (PDF), Power cord, Dimensions: 43 x 24 x 36 CM,

Weight: 13.6 KG,

Has an up-to-date inspection and is ready for operation,

Issued Technical Passport (Service Report) valid for a period of 12 months,

**Warranty:**

6-months for domestic market (Poland),

3-months for the international market,

Possibility to extend the warranty up to 12-months for domestic and international market for a surcharge,
