LPG CELLU M6 ALLIANCE MEDICAL endermology device (Ex-Display)

- New (ex-exhibition),
- **Real product photos**,
- French production, (2024),
- Power supply: 230 V,
- Frequency: 50/60 Hz,
- Power: 730 W,
- **The Cellu M6 Alliance Medical** is a medical device for endermologie treatments from **LPG Systems**. LPG endermologie is a natural method of mechanical skin stimulation (mechanostimulation) that reactivates cell metabolism. It works to release fat and reduce skin sagging while maintaining the body's biological balance.
- The automatic rollers of the treatment heads have been enhanced with a motorized flap, enabling multi-dimensional tissue penetration. The three different movements of the treatment head previously required have been replaced by a simple system of contact between the head and the skin, thanks to an intelligent patent combining the motorized roller and flap. This intelligent patent affects three aspects: slimming, firming, and fat reduction.
- **Application:**
 - Smoothing the body contour,
 - Body shaping,
 - Skin firming,
 - Wrinkle reduction,
 - Improving the appearance of the skin,
 - Face contouring,
- **Advantages:**
 - Reduction of secondary lymphedema of the arm after mastectomy,
 - Improvement of secondary lymphedema,
 - Improved lymph circulation in the treated area,
 - Relief of minor muscle pain,
 - Relief of muscle spasms,
 - Temporary improvement of local blood circulation,
 - Temporarily relieves minor muscle pain associated with delayed onset muscle soreness,
 - Improves local circulation during burn rehabilitation,
 - Reducing the visibility of cellulite and reducing the circumference of the treated areas,
 - Temporarily improve lymphatic circulation and local blood circulation to improve skin trophicity in treated areas,
 - Improving skin quality, scars, fibrosis,
 - Improvement of skin aging (wrinkles, fine lines, skin sagging, fatty deposits, firmness, elasticity, complexion, bags under the eyes),
- The CELLU M6 Alliance Medical device operates by exerting suction in conjunction with the movement of rollers/valves, which are operated by treatment heads. These heads are placed on the patient's healthy skin and then moved over the area to be treated.
- **Possibility to select menu in: GER, ENG, ESP, FR, IT, DUN, PL, PT, FIN, TUR, CS, GREK, RUS, HEB, AR, THA, CHIN, JP, KOR,**
- **Included in the set:**
 - ALLIANCE 80 head,
 - ALLIANCE 50 head,
 - TR30 head,
 - ERGOLIFT head,
 - 2 pcs. of tips for the ERGOLIFT head (Lift 10 / Lift 20),
 - Kit clapets for TR30 head,
 - Kit clapets for the ALLIANCE 50 head,
 - 3 pcs. air filter,
 - 4 pcs. microhead connectors,
 - 2 nozzles,
 - Power cord,
- Overall dimensions: 78 x 58 x 166 cm,
- Weight: 76.1 KG,
- **It has a current inspection and is ready to work,**
- **Issued Technical Passport (Service Report) valid for 12 months,**
- **Guarantee:**
 - **6 months for the domestic market (Poland),**
 - **3 months to the international market,**
 - **Possibility of extending the warranty for an additional fee up to 12 months for the domestic and international markets,**
