Stretcher trolley

MERIVAARA EMERGO

is a device for transport and care, designed with hospital needs in mind. Its modular construction allows operation according to clinical needs, whether for patient transport, emergencies, intensive care units, convalescence phase, or even during minor procedures. The cot frame combines sturdiness, safety and comfort, guaranteeing reliable operation even in the most demanding hospital conditions.

EMERGO

stands out with exceptional mobility. Large, anti-static wheels with a diameter of 150 mm with a central lock provide smooth and safe movement on all kinds of hospital floors.
