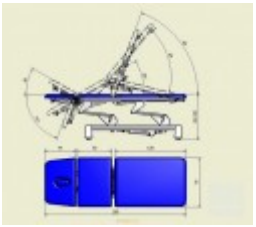
Examination Table EOS E04 (New)


New,
Made in Poland,
It has a stable steel construction coated with powder paint,
Standard features include three-section sleep surface, foldable to Pivot and seat positions, made of plywood,
Table height adjustment is carried out with an electric actuator operated by a manual remote control,
Basic option - manual remote control - free of charge,
Convertible option - selection of foot remote control (no hand control) - for extra charge,
Complete option - hand control + foot control - at extra charge,
Fully ball-bearing mounted height adjustment mechanism,
Individual parts of the tabletop are adjustable with gas springs or, as an additional option, with an electric actuator controlled with the hand-held remote control,
There is a free option to order upholstery in the colour of your choice, except for "PRESTIGE" colours which are available for an extra charge,
Table features and benefits
Gas spring by German company BANSBACH,
Electric actuator by a German company DEWERT,
Upholstery of very good quality,
5 cm thick foam,
Steel ball bearings were used in the movable parts of the table, which makes the table very reliable,
Frame elements made of the best Polish steel,
As additional options are available (for an extra charge):
Armrests,
Side shelves,
Hanger for the underlay,
Castor system,
Foot remote control (instead of manual remote control),
