## STATIMATIC + adapters (New)

- New,
- Made in Germany,
- · Features:
- The STATMATIC PLUS performs fully automated interior cleaning, which fully conforms with the strict German-based RKI guidelines\*. A water-based cleaner is used in order to facilitate the removal of bacteria, germs and protein. In accordance with the American medicinal cleaning norm, ASTM E2314-03, a germ/bacteria reduction of at least 2 log increments (i.e. >99% removal) is achieved. This process was tested using a microbiological method and was validated by mdt [Medical Device Testing GmbH], an independent, ZLG-accredited laboratory,
  - The process is divided into three phases:
    - 1. Cleaning of the water and air spray channels with STATMATIC PLUS cleaner,
    - 2. Cleaning of the drive air channel and hollow cavities with STATMATIC PLUS cleaner,
    - 3. Lubrication of all internal components with STATMATIC PLUS dental oil,
- Each phase consists of several pulses during which the respective medium is applied to the inside of the handpiece. For contra-angles or slow-speed handpieces, a micro-motor rotates all components during the operation in order to ensure optimal distribution of the media,
  - Each phase is completed by a thorough purging with compressed air,
  - Timing 15 sec,
  - · Auto detection / CM Care,
  - o Optional adapters: NSK, KaVo, Bien Air, W&H, Midwest,
  - Space Saving the STATMATIC PLUS is designed to save valuable space in the hygiene room,
  - · Environmentally Friendly does not use damaging aerosol propellants,
  - User Friendly very easy to use,
- Spray efficiency- 300 times,
- Tips qty 1-3,
- Noise Ivl 60 dB,
- Air Pressure- 4 6 bar,
- Air supply 40 Nl / min,
- Power supply: 208 240 V,
- Dimensions: 19 cm x 29 cm x 40 cm,
- Weight 8,6 kg,
- Technical Passport,
- 36-month warranty
