Coburg Exaflex 3000 operating table (New)

• A brand new product,
• Made in Germany,
• **The basic version of the table has:**
  ◦ A headrest (standard),
  ◦ A footrest (pojedynczy),
• Portable multifunctional surgical table for general use in hospitals and ambulatory care units,
• Multi-purpose versatility thanks to optimal patient positioning and 5,6, or 8-fold tabletop segments.
• The table comes standard with chrome-nickel steel rails located on both sides of the seat, backrest and footrest,
• Upholstery lining with a thickness of 40 mm made of electrically conductive material in black (Other colors and upholstery made of non-conductive material also available),
• Height regulation by a hydraulic pump lever,
• Regulation of backrest, Trendelenburg and reverse-Trendelenburg positions by the use of gas spring,
• Lateral tilting of the table by a crank mechanism,
• Movable base made of stainless steel with large dual rollers with central locking mechanism,
• Column cover made of chrome-nickel steel,
• The table has the possibility of mounting an X-ray cassette,
• Maximum load capacity of 160kg,
• Metal parts of the table powder coated RAL 9007,
• **Additional options (for extra fee):**
  ◦ Sliding table top,
  ◦ Footrest (splittable)
• **Additional accessories for the table, visible in the photo (for extra fee),**
  ◦ **24 months for the international market,**
• **Provided with a 12-month valid Technical Passport (service report),**
• **Guarantee:**
  ◦ **24 months for the domestic market (Poland),**
• Financing possibilities (Poland only): Installments, leasing, loan,
