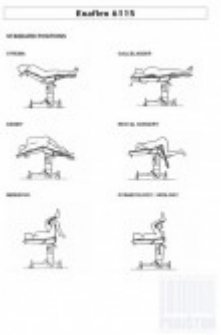
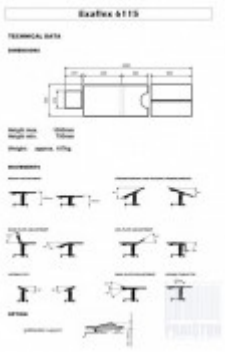
Coburg Exaflex 6115 operating table (New)




• A brand new product,
• Made in Germany,
• **The basic version of the table has:**
  ◦ A headrest (standard),
  ◦ A dividable footrest (standard),
• Portable multifunctional surgical table for general use in hospitals and ambulatory care units,
• Also suitable for military use due to its relatively light weight and ease of disassembly. The table can be disassembled and packed into two aluminum cases,
• The table is equipped as standard with chrome-nickel steel rails located on both sides of the seat, backrest and footrest,
• The table is covered with anti-static, washable upholstery which is resistant to all kinds of disinfectants, and does not absorb any liquids, including blood,
• Height regulation by a hydraulic pump lever,
• Backrest regulation by the use of gas spring,
• Lateral tilting of the table and Trendelenburg and anti-Trendelenburg positions by the use of a crank mechanism,
• Table plates made of radio transparent polyamide material,
• Movable base made of stainless steel with four double anti-static wheels (Ø100mm) and central brake,
• The table has the possibility of mounting an X-ray cassette,
• **Additional options (for extra fee):**
  ◦ Splittable footrest, foldable in the knee area,
  ◦ Patient hand support base,
  ◦ Equalization connection wire,
• **Additional accessories for the table, visible in the photo (for extra fee),**
  ◦ **24 months for the international market,**
• **Provided with a 12-month valid Technical Passport (service report),**
• **Guarantee:**
  ◦ **24 months for the domestic market (Poland),**
• Financing possibilities (Poland only): Installments, leasing, loan,
