## TRACCIA labeler (New)

New

Italian production,

The TRACCIA labeler makes it easy to track instruments, which is the basic procedure for handling sterilized materials,

Tracking guarantees the recording of the course of each instrument, from preparation to sterilization, to its use. This is possible thanks to the cross-data management system,

Tracking is an integral part of the sterilization cycle procedure and should be performed after the wrapping phase and before loading the autoclave,

This procedure is necessary to guarantee maximum legal protection for operators,

Has a current Technical Passport issued,

12 months warranty
