## **STERILAIR PRO air sterilizer (New)**

New,

Italian production,

Sterilair PRO is a device for the sterilization of air, eliminating all microorganisms, including spores,

The air is directed to the sterilization chamber of the system, in which irradiation completely eliminates the microbial load in the air,

This device can operate continuously even in the presence of people and provides maximum operator protection. It is simple, quiet and

ergonomic. Only Tecno-Gaz offers a sterilization program that is comprehensive, efficient, ergonomic and safe,

The advantages of using an air disinfection system:

Reducing the risk of operator pollution, as required by the Health Safety Act,

Limitation or elimination of costs and loss of profits caused by long sick leave,

Limiting or eliminating risks for patients,

Having a bacteriologically clean environment,

Sterilair PRO is an indispensable device with very low costs, but it provides a service of high social usefulness,

The possibility of mounting the device on a stand (for an additional charge),

Technical data:

dimensions:

with wall bracket: 82 x 27 x 11 cm,

with a stand: 107 x 33 x 28 cm,

Weight:

with wall bracket: 12.5 Kg,

with a stand: 15 kg,

Power supply: 230 V 50 Hz,

Power consumption: 150 W,

Operating mode: continuous,

Flow: 120 m<sup>3</sup> / h,

Noise level: 32 dB,

Lamps: n.4 UV-C tubes 25W G13T8 (7W UVGI),

Wavelength: 253,7 nm,

Ultraviolet: 69 µW / cm<sup>2</sup> at 1 m (per lamp),

External emission of UV-C radiation: none,

Equipment: Dustproof filter, electronic programmer,

Reflector: Aluminum,

Lamp life: 9,000 hours (1 year: 24 hours x 365 days),

Has a current Technical Passport issued,

12 months warranty
