Cosmetic chair FANOS 02 (New)

New,
Made in Poland,
It is characterised by stable steel construction and column lifting mechanism, which eliminates movement of the table top during height adjustment,
It has a 4-part sleep surface with a hole for the face and a plug in the bolster,
The adjustment of the height and particular parts of the top (except for the bolster) is carried out with the use of an electric actuator controlled with a manual remote control.
FANOS 02 has a wide range of adjustment of the sleep surface to the lying position, armchair, Pivot, Trendelenburg and Anti-Trendelenburg positions or any combination of four sleep surface segments,
It is possible to order upholstery in a colour of your choice free of charge, except for "PRESTIGE" colours which are available at an extra charge,
Table adjustment is carried out with the use of
manual remote control as standard - serves for 4 adjustments
Foot remote - serves for 4 adjustments (for an extra charge),
There can be 2 remote controls in the table but it cannot be controlled from the frame. Only two controls can be installed in the table at the same time
As additional options are available (for an extra charge):
Armrests,
Paper hanger,
Foot remote control,
